

Reduce Risk. Improve Water Quality. Increase Revenue.

Through the VIQUA Certified Partner Program, you can create awareness for changing well water quality, increase the rate of microbial testing on private wells, and grow your business.

Ask us how to get a startup kit that includes:

- Presence-absence test kits and an incubator
- Self-directed training on how to test and sell UV
- Cobranded materials explaining results and implications for customers

**Preventing customers from drinking
untreated water is good business.**
